Capability Statement

Priest Lake Tech LLC · SDVOSB-Certified · Service-Disabled Veteran-Owned

Low-voltage, network, Starlink & security integrator for remote North Idaho sites · 2461 Cavanaugh Bay Rd, Coolin, ID 83821

COMPANY OVERVIEW

Priest Lake Tech LLC is a family-owned, SDVOSB-certified small business in Coolin, Idaho. We design, install, and support networks, Starlink satellite internet, video security, structured cabling, fiber, and AV at remote and hard-to-reach sites across North Idaho. We reach them by truck, boat, and motorcycle, and our technicians are on call 24/7. Experience includes IT asset identification and serial-number inventory at regional hospital facilities (subcontract).

CORE COMPETENCIES

Networks & Wi-Fi
UniFi design/install, outdoor Wi-Fi, point-to-point links, remote management

Starlink & Satellite
Permanent/custom mounts, site-wide Wi-Fi, backup internet failover

Video Security & Alarm
UniFi Protect cameras, Alarm.com monitoring, remote viewing

Structured Cabling & Fiber
Copper/fiber between buildings, racks, enclosures, terminations

Trenching for Cable
Conduit and trenching with site restoration

AV & Remote IT Support
Audio/AV, smart controls, on-site and remote IT support

DIFFERENTIATORS

- **SDVOSB-certified** by SBA VetCert since Jan. 2023
- **Remote/rugged-site access**: water-access and back-country work with our own equipment
- **Satellite comms**: Starlink connectivity where there's no fiber or cell coverage
- **Rapid response**: local technicians on call 24/7 in North Idaho
- **One integrator** for network, cameras, alarm, cabling, and AV

VIPR / INCIDENT SUPPORT

Available for USDA Forest Service and interagency incidents (VIPR vendor account; contact us): Starlink/satellite internet kits, temporary networks and Wi-Fi for incident camps, communications and IT setup, and low-voltage and camera support with an on-site technician.

PAST PERFORMANCE

- **Regional hospital facilities, Eastern WA** (subcontractor), Jun 2025–Sep 2026: IT asset identification & serialized scanning of computer, network, and data-bearing equipment with multi-technician crews
- **Local commercial storage facility**: video security camera coverage designed for a new facility
